Technical data

lengths of system components (0.55 kW Drive)	up to max. 120 m	Drive	Gearmotor
Transport pipe	Ø 45 mm outside	Type of current	3-phase
Auger	Typ 45	Voltage	230/400 V; 50 cycles
Distances trough to trough	0.75 m	Performance	0.55 kW
	1.00 m	Power Input	1.5 Amps
	1.20 m	Torque	13.6 Nm
Contents of trough (pan)	approx. 1.6 kilos	Output drive turns	386 min-1
Trough diameter	330 mm	Contacteur	IP 54
		Transport capacity	max. 380 kilos/h
		Content of extension hopper	approx. 75 kg
		Kind of feed transported	meal, pellets
